4 Slice Toaster - ICBWGTR104S

2 AND 4 SLICE TOASTER

One of the great pleasures in life is a buttery toasted bagel or toast in the morning – the perfect complement to your cup of French roast. Yet many toasters struggle with fitting artisan breads, much less browning them to your taste. Our toasters incorporate innovative features to deliver delicious results – extra-wide toast slots for bagels and artisan breads, self-centring bread guides for even browning, extended bread lifter for easy removal of small bread. In short, nirvana for toast lovers.

Stand Mixer - ICBWGSM100S

STAND MIXER

Mix birthday cake batter, knead brioche dough, whip up meringues and souffles – that's just the beginning of the culinary versatility you will experience with the Wolf Gourmet high-performance stand mixer. This kitchen companion has the torque and capacity to make it all – and a lot of it. The robust motor and gearing system maintain constant speed and power even while mixing heavy dough, while the 6.6-litre professional-grade bowl can fit enough batter for up to 14 dozen cookies or over 3 kilograms of dough at a time. Unique design features, like the proprietary bowl lift and simplified mixing attachment area, offer a truly seamless mixing experience from start to finish.
