

GAGGENAU

Refrigerators

Extending the freshness of your ingredients and presenting all in its best light.

Vario 400 series
Vario 200 series
200 series

This is cooling that makes
an architectural statement.

Vario refrigerators 400 series

Modular, seamless, impressive

A fully integrated, built-in modular family: the Vario cooling 400 series refrigerators, freezers, fridge-freezers and wine climate cabinets can be partnered in a multitude of ways. You have the flexibility to create an impressive, stainless steel clad, elegant cooling wall, with or without handles. Alternatively, the handleless options are able to disappear discreetly behind your kitchen furniture.

The new Vario cooling 400 series is reduced to the essence of pure refrigeration and an impressive design interior. You gently push the enormous door and it effortlessly opens to a professional-grade stainless steel interior with modern, anthracite aluminium elements and almost imperceptible clear glass shelving. As you approach, the ice and water dispenser illuminates in anticipation.

The minimalist internal aesthetic is accentuated by warm white, glare-free spotlights that dramatically and flatteringly illuminate your all-important ingredients.

Vario refrigerator and freezer 400 series

Fully extendible freezer drawer and warm white, glare-free LED lights

Effortless access to fresh ingredients

Push to open and...

The two opening assist options allow even the largest and heaviest of doors to be opened effortlessly, either by pulling or, for the handleless option, with a gentle push.

As you would expect, cooling is accurate to within a degree. Ideal storage conditions are met inside the cooling drawer, preserving your meat and fish for longer, thanks to temperatures close to, or even at, 0 °C.

Utilising the same TFT touch display as our ovens ensures you can effortlessly navigate the system, alternatively, you can control temperatures remotely via Home Connect.

To produce a reduced, pleasingly uniform, appearance: the easily adjustable, near invisible, rail system, allows those so inclined, to align the height of the shelves and solid aluminium door bins of their refrigerator and freezer.

Solid anthracite anodised aluminium door racks

Watch our Vario refrigerators 400 series film on our website.

Large or small, our minimalist, clean lines make our refrigerators 200 series a pivotal addition to any kitchen.

Vario refrigerators 200 series

Warming your cooling experience

The modern kitchen is the heart of a connected, flowing home, a place where you create an atmosphere as well as cuisine. As such, its design becomes ever more welcoming and personal and less utilitarian and function-led.

The Vario fridge-freezers, refrigerators and freezers of the 200 series seek to continue your interior design ethos: performing perfectly, with sophisticated elegance. Blending into your furniture when closed, the refrigerator and freezer bathe the viewer in warmer, soft light when open, revealing touches of light bronze in the door bins and dial as well as the natural grain of maple bottle holders.

The interior completes your kitchen

A collection of luxurious elements have been brought together to create a sophisticated sensory moment for the chef and superior performance from your Vario 200 series. The experience begins when you open it. A gentle push is all it takes or, if that feels like too much, use your voice assistant and simply ask it to open.

The appliances are comprehensively yet softly illuminated. Bright and warm toned, the light panel, illuminated drawers and freezer lights emphasise the colours of your ingredients, so they are displayed as beautifully as they are preserved.

The substantial, light bronze toned, satin finished door bins match the clear glass shelf profiles and humidity dial.

The separate refrigerator and freezer complement one another perfectly: offering the same warm toned lighting, frosted drawers and open shelving.

Refrigerators 200 series

More in a niche

This range offers a myriad of cooling solutions: you can lose yourself in up to 289 litres of cool volume or fit one of our refrigerators or freezers into a standard 60 cm slot. Large or small, our minimalist, clean lines make our cooling 200 series a pivotal addition to any room. Choose from a collection of capabilities such as distinct climate zones, fresh cooling drawers, 4-star freezer compartments and adjustable shelving.

...and free-standing

The free-standing fridge-freezer offers a striking 90.5 cm wide presence, enormous 573 litre volume and Home Connect. Open the impressive dark anthracite stainless steel french doors to access your filtered water dispenser, two fresh cooling 0 °C drawers with five preset settings for ideal storage and the stainless steel backwall. The freezer compartment is frost-free, fast freezing and offers an icemaker.
