Wine climate cabinets

Protect, present, prepare.

Vario 400 series
200 series

A wine climate cabinet that preserves your wines under precise temperatures, showcases your collection and enhances the prestige of your kitchen.

Vario wine climate cabinets 400 series

Protect and serve

Your wine needs to be stored, protected, showcased and prepared for enjoyment. These are competing functions that your wine climate cabinet, equal to a wine cellar, achieves year after year with unflappable aplomb.

Behind its door frames of existing furniture material or stainless steel, with or without handles, lies a sanctuary free from disturbance. Up to three separate temperature zones can be set between 5 °C and 20 °C replicating a long-term cellar environment and the perfect drinking temperatures.

Meanwhile five pre-programmed light options, crafted oak bottle presenters and fully extendable trays exhibit your coveted collection with due reverence. Humidity is kept constant, sound is muffled, vibrations suppressed, aromas are filtered by activated charcoal while the treated glass doors cut UV rays. Yet all this security is powerless to stop you gently pushing the door and plundering.

Your wine collection:
outstanding, within a niche.

Wine climate cabinets 200 series

Your collection in a niche

For your wine collection, there are two fully integrated options at 178 cm and 123 cm, protecting 80 and 48 bottles respectively. Both offer two climate zones, presentation lights, framed in your kitchen furniture material to blend seamlessly into your interior design.

The under-counter cellar

Under your counter you can store up to 34 bottles, in two climate zones. Uncompromising in everything but size, this wine climate cabinet offers extendable bottle trays of beech and aluminium, LED lighting, humidity control, cushioned door closing so as not to disturb any sediment and lockable stainless steel door frames, to avoid temptation.
